"Yes," she assured him, though her gaze had dropped from his mouth to his hand, so small, which she held in hers..From a distance and through a scattering of trees, Junior wasn't able to discern much about the other funeral, but he was pretty sure many if not most of that crowd were Negroes. He surmised, therefore, that the person being buried was a Negro, too.."Both. Brain and heart. But I've thought it through, Daddy. More than anything in my life, I've thought this through.."After a hesitation, she said, "You're the boogeyman, except when I saw you, I was hiding under the bed where you're supposed to be.."But let's pretend it's me, okay? So here I am, stepping off the curb without looking both ways-".In the motel office, Junior paid for another night in advance. His preference in lodgings didn't run to greasy carpeting, cigarette-scarred furniture, and the whispery scuttling of cockroaches in the dark, but though feeling better, he was too tired and shaky to drive..One of the most unnerving aspects of life in southern California was that earthquake weather came in so many varieties. As many days as not, you got out of bed, checked the sky and the barometer, and realized with dismay that conditions were indicative of catastrophe..Now that neither of them had a doubt that the other shared the same need and that eventually they would satisfy each other, Victoria was opting for discretion. Wise woman..At the end, with the salt Tom and the pepper Tom standing side by side in their different but parallel worlds, Maria said, "Seems like science fiction.."I see. Sometimes. Just quick. For like a blink. Like when you stand between two mirrors. You know?..The pewter bludgeon slammed into the back of his skull with a hard pack. The scalp tore, blood sprang forth, and the man fell as hard as Victoria had fallen under the influence of a good Merlot, although he went facedown, not faceup as she had done..As always in uncertainty, she asked herself what her mother would do in this situation. Grace, of infinite grace, unflinchingly did precisely the needed thing, knew exactly the right words to console, to enlighten, to charm a smile out of even the miserable. Often, however, the needed thing involved no words, because in our journey we so often feel abandoned, and we need only to be reassured that we are not alone.."It's all right," Tom assured her. To Angel, he said, "No, I'm not sad. And you know why?..He wanted the most expensive box for Joey; but Joey, a modest and prudent man, would have disapproved. Instead, he selected a handsome but not ornate casket just above the median price..At last he said, "And there he is, hands in front of his face, quarters bouncing off him, these kids and this old lady scrambling around him to snare some change.."This was a good night for television. To Tell the Truth at seven-thirty, followed by I've Got a Secret, The Lucy Show, and The Andy Griffith Show. The new Lucy wasn't quite as good as the old show; Paul and Perri missed Desi Arnaz and William Frawley.."No," Agnes said, shaking loose the grip of irrational fear. "Wait. This is absurd. It's just a card. And we're all curious.."Further preparation-the purchase of gold coins and diamonds, the establishment of false identities-had to be delayed due to the hives. An hour short of dawn, Junior was awakened by a fierce itching not limited to his phantom toe. His entire body, over every plane and into every crevice, prickled and tingled and burned as with fever-and itched..The pubescent physician returned with three colleagues, who crowded behind the privacy curtain to proclaim that none of them had ever seen any case remotely like this before. The oldest-a myopic, balding lump-insisted on asking Junior probing questions about his marital status, his family relationships, his dreams, and his self-esteem; the guy proved to be a clinical psychiatrist who speculated openly about the possibility of a psychosomatic component..In the sermon that brought him a moment of fame that he'd found more uncomfortable than not, Daddy had used the life of Bartholomew to illustrate his point that every day in every life is of the most profound importance. Bartholomew is arguably the most obscure of the twelve disciples. Some would say Lebbaeus is less known, some might even point to Thomas the doubter. But Bartholomew certainly casts a shadow far shorter than those of Peter, Matthew, James, John, and Philip. Daddy's purpose in proclaiming Bartholomew the most obscure of the twelve was then to imagine in vivid detail how that apostle's actions, seemingly of little consequence at the time, had resonated down through history, through hundreds of millions of lives-and then to assert that the life of each chambermaid listening to this sermon, the life of each car mechanic, each teacher, each truck driver, each waitress, each doctor, each janitor, was as important as the resonant life of Bartholomew, although each dwelt beyond the lamp of fame and labored without the applause of multitudes..Barefoot, in midnight-blue silk pajamas, he walked through his rooms turning on lights in a considered pattern, which he had settled upon after much thought and planning..draftsman? Having never been nudged in that direction, would Cain have followed a different path that took him far from Celestina and Angel?.He wanted an explanation, but no one could give him the one that he needed, because nobody but he himself knew the significance and symbolism of the quarter..The apartment above Elena's Fashions could be reached by a set of exterior stairs at the back of the building. The climb had never before taxed Agnes in the least, but now it took away her breath and left her legs trembling by the time she reached the top landing..Furrowing her brow and narrowing her eyes as though prepared to scold him, she slowly lowered her face to his, until their noses were touching, and she whispered, "Because it's more fun if it's secret.."From her Volkswagen bus in the middle of the line, Maria joined them. "In case we get

separated, Agnes, I don't have an itinerary." He didn't want to lean inside and peer over the front seat. He had no weapon. He would be unbalanced, vulnerable. In the top drawer, in addition to the expected items, Tom Vanadium found a gallery brochure for an art exhibition. In the hooded flashlight beam, the name Celestina White seemed to flare off the glossy paper as though printed in reflective ink. The ninth card was a jack of spades. Maria called it a knave of and at the sight of it, her bright smile dimmed. Elsewhere in the cemetery, about 150 yards away, another interment service-with a much larger group of mourners-had begun prior to this one for Naomi. Now it was over, and the people were dispersing to their cars. Frantically, he squirmed around on the floor until he was facing the entrance to the kitchen. Through tears of pain, he expected to see a Frankensteinian shadow loom in the hall, and then the creature itself, gnashing its fork-tine teeth, its corkscrew nipples spinning. She kicked off her shoes and sat beside him in bed, with her back against the headboard, still holding his hand. Even though this darkness wasn't as deep as Barty's, Agnes found that she was better able to control her emotions when she couldn't see him. "I think you must be sad, kiddo. You hide it well, but you must be." When he held fast to his sanity, common sense eventually told him that the coin must have been left much earlier in the night, soon after he had set out for Victoria's house. In fact, in spite of the new locks, Vanadium must have stopped here on his way to see Victoria, unaware that he would meet his death in her kitchen-and at the hands of the very man he was tormenting. Edom and Jacob arrived, dinner was served, and while the food was wonderful, the conversation was better-even though the twins occasionally shared their vast knowledge of train wrecks and deadly volcanic eruptions. Paul didn't contribute much to the talk, because he preferred to bask in it. If he hadn't known any of these people, if he had walked into the room while they were in the middle of dinner, he would have thought they were family, because the warmth and the intimacy-and in the twins' case, the eccentricity-of the conversation were not what he expected of such newly made friends. There was no pretense, no falsity, and no avoidance of any awkward subject, which meant there were sometimes tears, because the death of Reverend White was such a fresh wound in the hearts of those who loved him. But in the healing ways of women that remained mysterious to Paul even as he watched them do, pride, his one great shining moment but also his sinful pride. Clubbed with the trophy first, fists later. And now, here. Although Vanadium had been morally certain about the identity of his assailant, intuition without evidence was not sufficient to stir the authorities into action-not against a man on whom the state and county had settled \$4,250,000 in the matter of his wife's mortal fall. They would appear either to be incompetent in the investigation of Naomi Cain's death or to be pursuing Enoch in the new matter out of sheer vindictiveness. Without stacks of evidence, the political risks of acting on a policeman's instinct were too great. Agnes rubbed noses with him again, kissed him, and rose from the edge of the bed. Junior had heard of this invention, but until now he'd never seen one. He supposed that an obsessive like Vanadium might go to any lengths, including this exotic technology, to avoid missing an important call. She figured that she could stay home, devoting herself to Barty, for perhaps three years before she would be wise to find work. Not many men wore hats these days. Since his teenage years, Nolly had favored a porkpie model. San Francisco was often chilly, and he began losing his hair when still young. Already, the girl had taken Barty's hand. The two kids descended from the porch into the rain. They didn't circle the oak, but stopped at the foot of the steps and turned to face the house. Renee Vivi spoke with a silken southern accent. Vivacious without being cloyingly coquettish, well-educated and well-read but never pretentious, direct in her conversation without seeming either bold or opinionated, she was charming company. The modulated electronic brrrrr was similar to the sound of the telephone in Vanadium's cramped study, on Sunday night. Junior was transported back to that place, that moment in time. Uncommonly healthy, he didn't suffer croup, flu, sinusitis, or most of the ailments to which other children were vulnerable. Angel, on the window seat, wore nothing but white. White sneakers and socks. White pants. White T-shirt. Two white bows in her hair. Junior felt a little lightheaded. He felt strange. He hoped he wasn't coming down with the flu. From a cutlery drawer, Tom withdrew a knife. The largest and sharpest blade in the small collection. Reverend White's murder received significant coverage throughout the nation, especially in West Coast papers, because of its perceived racial motivation and because it involved the burning of a parsonage. He swore that he would throw away all memory of this incident, as well. In Caesar Zedd's best-selling *How to Deny the Power of the Past*, the author offers a series of techniques for expunging forever all recollection of those events that cause us psychological damage, pain, or even merely embarrassment. Junior went to bed with his precious copy of this book and a snifter of cognac filled almost to the brim. Finally he switched on the light, and illuminated Neddy at ease, silent in death as never in life: lying on his back, head turned to the right, swollen tongue lolling obscenely. As she struggled to cope with her loss, the last thing Agnes needed was the reminder posed by that empty chair. Maria's intentions were good, however, and Agnes didn't want to hurt her feelings. For a spirit, the maniac lawman appeared disturbingly solid. He wore a tweed sports jacket and slacks that, as far as Junior could tell, were the same clothes he'd worn on the night he died. Apparently, even the ghosts of Sklent's atheistic spiritual world were stuck for eternity in the clothes in which they had perished. After undressing for the night, he sat on the edge of the bed for a while, rubbing the coin between the thumb and forefinger of his right hand, brooding about Thomas Vanadium. He tried rolling it across his knuckles; he dropped it repeatedly. Shuddering with dread, he placed one hand against the door and slowly pushed it open. Other rooms were furnished as sparsely as those in a monastery. Indeed, the dining room contained nothing whatsoever. THE MORNING THAT it happened was bright and blue in March, two months after Barty took Angel for a dry walk in wet weather, seven weeks after Celestina married Wally, and five weeks after the happy newlyweds completed their purchase of the Galloway house next door to the Lampion place. Selma Galloway, retired from a professorship years earlier, had subsequently retired further, taking advantage of the equity in her long-owned home to buy a little condo on the beach in nearby Carlsbad. He wanted Celestina to sit in her seat and use her lap belt, but she insisted on cuddling next to him, as if she were a high-school girl and he were her teenage beau. The blonde was coming on to him, just as a score of other women had done since his arrival, so Junior tried to balance seduction with information gathering. Putting his hand over the hand with which she was gently massaging his thigh, he said, "I knew her brother in Nam. Then I got wounded, shipped out, lost touch. Like to find him." Paul withdrew the pistol from the drawer. The weapon didn't feel as good to him as guns always felt in the hands of pulp heroes. They were inseparable, her son and this cherished girl, as they had been virtually since the moment they had met, more than six years ago. The special perception that they shared--all the ways things are-accounted for part of their closeness, but only part. The bond between them was so deep that it defied understanding, as mysterious as the concept of the Trinity, three gods in one. Any reasonable person would agree that the line between legitimate and harassment was hair-thin. He exploded off Renee with the velocity of high-powered rifle fire. Stunned, disgusted, humiliated, he backed away from the chaise lounge, spluttering, wiping at his mouth,

cursing..No hesitation preceded Grace's response. "That's very generous of you, Paul. And I, for one, accept. Is this the house where you lived with your Perri?". "It's easy to see you as a cop," Kathleen said. All the whacks, pops, and worm buckets just trip off your tongue, so to speak. But it takes some effort to remember you're a priest, too..By the time he arrived at his apartment, Junior could think of no better action to take, so he phoned Simon Magusson, his attorney in Spruce Hills.. "Cancer," she whispered, and superstitiously reproached herself for speaking the word aloud, as though thereby she'd given power to the malignancy and ensured its existence..Instead, he encountered an elderly woman getting out of a red Pontiac with a fox tail tied to the radio antenna. A quick glance around confirmed that they were unobserved, so he clubbed her on the back of the head with the butt of his 9-mm pistol..Copyright (c) 1997 by Ursula K. Le Guin..Over the final refrain of "I'll Be Seeing You" came a man's voice from the foyer, raised quizzically, with perhaps a note of surprise: "Victoria..He ran gasping, praying, feet slapping the concrete sidewalk, frightening birds out of the purple brightness of blossom-laden jacarandas and out of Indian laurels, terrorizing a tree rat into a lightning sprint up the bole of a phoenix palm. The few people he encountered reeled out of his way. Brakes shrieked as he crossed intersections without looking both ways, risking cars and trucks and rhinoceroses..People like Enoch Cain, of course, never choose between the right and the wrong thing, but between two evils. For themselves, they create world after world of despair. For others, they make worlds of pain..His daughter, his affliction, his millstone, granddaughter of the boil-giving voodoo Baptist ....The pendulous bellies of the rain-swollen clouds were no darker than when he had first come to the cemetery, yet they appeared more ominous now than earlier..Although not quite as young as Bavor Poriferan, this artist was equally adored by critics and widely regarded as a genius. He went by a single and mysterious name, Sklent, and in the publicity photo of him that was posted in the gallery, he looked dangerous..To her mother, Celestina said, "What did you mean when you said you'd heard all about Barty here?".Quick introductions were made in the process of moving from the porch to the foyer, and Agnes said, "Come on back to the kitchen, I'm baking pies..". "Mr. Magusson, you once told me that if Detective Vanadium ever bothered me again, you'd have his choke chain yanked. Well, I think you need to talk to someone about that..".A flicker of complacency showed in Otters tired, battered young face. "No," he said. "I don't think anybody can..".In a swirl of London Fog and righteous indignation, Neddy turned his back on Junior and drifted away through the nibbling, nattering crowd..If they were suspicious of him, they showed no obvious alarm. The three went inside in no particular rush, and judging by their demeanor, Junior decided that they hadn't spotted him, after all.
